Players, coaches and parents should be fully aware of the potential consequences of their actions at all times.

- Game Points: Teams will be awarded points in round-robin play according to the following:

A) Two points for a win

B) One point for a tie

C) Zero points for a loss

- Forfeits: When a team forfeits a game for any reason, all games in the preliminary round for that team, played or not, will be officially recorded as a 3-0 loss for the purposes of determining tournament standings. A team forfeiting a game is not eligible to play any semi-final or championship games. It should be noted that the purpose of this rule is to absolutely discourage forfeits for any reason, as this causes another team to miss a tournament game. Entry fees will not be refunded to teams forfeiting any games.

Tournament Standings: Standings will be compiled by the tournament director and staff and posted at the rinks. Teams will be ranked within their tournament division by the total number of points obtained. In the event of a tie, final standings will be determined by the following criteria:

a) Head to head competition - With 3 or more teams tied, all teams must have played each other and there must be an obvious winner. If not we skip Head to Head and go to Most Wins.

b) Most wins

c) Goal differential (5 goal maximum differential for a single game) involving only the tied teams, if all tied teams have

played one another

- d) Goal differential (5 goal maximum differential for a single game) in all games.
- e) Fewest goals against in games involving only the tied teams
- f) Fewest goals against in all games
- g) Fewest Penalty Minutes
- h) Coin Toss

- Tie Games/Tie Breaking Procedures:

Each team will receive one point for a round-robin game that is tied at the end of regulation play.

If a semi-final or championship game ends in a tie the following tie-breaking procedure will be followed:

- a) 5 minute sudden death overtime period (4 on 4, plus goalies)
- b) Shootout (5 players/team - each player may only shoot once) - most goals wins
- c) If shootout ends in tie, sudden death shootout until winner is decided (each team must continue through their roster until all players have taken a shot. If the shoot-out is not decided, players will continue to shoot in the same order as their first shots.)

- Additional Explanations for Tournament Standings Tie-Breakers:

If multiple teams are tied, as we move down the list of tie-breakers, we will never move back to the top of the tie-breaker list. For example, if three teams are tied and head-to-head and most wins do not settle the tie, but goal differential between the tied teams decides a winner, ties between the remaining teams will be decided by moving down the list to goal differential between all teams, fewest goals against, etc.

**Head-to-Head Tiebreakers:** With three or more teams tied, it will be very unusual for the head-to-head tie-breaker to apply. All tied teams must have played each other and there must be a "obvious winner" of the tiebreaker. One exception to this case is if three teams, Teams A, B and C are tied, and Team A has defeated both Team B and Team C, Team A would win the head-to-head tie-breaker whether Teams B and C have played each other, or not. If Teams B and C have played each other and are still tied, the team that won the head-to-head match-up between teams B and C will advance. If Teams B and C have not played each other, we would move to the goal differential tie-breaker.

**Goal Differential Between Tied Teams:** If three or more teams are tied and if all of the tied teams have played one another and the Head-to-Head and Most Wins tie-breakers do not provide a winner, goal differential involving only games between the tied teams will apply. If Teams A, B, and C are tied and all have played each other and either the same or different other opponents, only the games between "A and B", "A and C" and "B and C" will be used to calculate goal differential between the teams. The team with the greatest goal differential will advance. If all tied teams have not played each other, then the next tie-breaker, goal differential in all games will decide the winner.

**Fewest Goals Against Between Tied Teams:** If three or more teams are tied and if all of the tied teams have played one another and the Head-to-Head, Most Wins and Goal Differential tie-breakers do not provide a winner, fewest goals against involving only games between the tied teams will apply. If Teams A, B, and C are tied and all have played each other and either the same or different other opponents, only the games between "A and B", "A and C" and "B and C" will be used to calculate goals against for each team. The team with the fewest goals against will advance. If all tied teams have not played each other, then the next tie-breaker, fewest goals against in all games will decide the winner.
